

ABOUT US

- ▶ SCGI serves an international program for research and knowledge / technology transfer in the field of space technology and geo-informatics.
- ▶ Double Degree – Masters of Science in Geo-informatics
- ▶ Collaboration with Wuhan University in China and Burapha University in Thailand, under the supervision of Sirindhorn Center for Geo-informatics by GISTDA.
- ▶ Objective is to produce excellent leaders with in-depth knowledge to leverage experience in the field of geo-informatics.

ADMISSION REQUIREMENTS

- ▶ A Completed Application form
- ▶ Applicant should be under the age of 45
- ▶ Official Transcripts from previous University showing a cumulative GPA of 2.75
- ▶ Bachelor's degree Certificate in Geography, Geo-informatics, Aerospace Engineering, Electrical Environmental Engineering, Mathematics, Physics or other related sciences.
- ▶ Copy of National ID Card or Passport.
- ▶ 2 Letters of Recommendation
- ▶ A Study Plan
- ▶ TOEFL (iBT) > 80; IELTS > 5.5; BUU-GET > 60 or CU-TEP > 60.

DURATION

2 YEARS

1st Year in Thailand at GISTDA

2nd Year in China at Wuhan University

SCGI

**SIRINDHORN CENTER FOR GEO-INFORMATICS
MASTER PROGRAM**

STUDY PLAN

- ▶ Total 42 credits
- ▶ Required credits -17, Electives -13 and Thesis -12
- ▶ Course Given
Remote Sensing, GNSS, Photogrammetry, GIS
Including New Technology and Innovation
ex. UAV, Environmental Model and Geo-Big Data

CAREER PATH

Graduate student who wish to pursue a career in academic can explore the opportunity in continuing the world class PhD program at LIESMARS, Wuhan University, or pursue a career in the Geo-Information industry with companies such as ESRI, PLANET, GoogleMapInfo, DJI, and Digital Globe to name a few in specific fields of surveying engineering, photogrammetry, remotesensing and geo-visualization.

Graduates may also pursue a career with the government sector back in their home country in area of water management, urban planning, disaster management, etc.

AVERAGE COST

- ▶ Approximate Fee for Thai Students
200,000 Baht / Year
- ▶ Approximate Fee for International Students
290,000 Baht / Year

DOUBLE DEGREE IN MASTER OF
SCIENCE IN GEO-INFORMATICS
